Education

University of Mysore

Bachelor of Computer Application

November 2022 - Present

Sangamner, Maharashtra

INTERESTS

Motivated backend developer with a strong foundation in computer applications and a passion for building robust, scalable server-side solutions using Node.js. Experienced in full-stack development and team collaboration to deliver high-quality projects. Proficient in modern technologies and eager to leverage my skills to enhance user experiences, contribute to innovative solutions, and drive business success.

Experience

Full Stack Developer

The Baap Company

2024-Present

Sangamner, Maharashtra

- Recent graduate with a Bachelor's degree in BCA and comprehensive skills in full-stack development. Proficient in Node.js for server-side development, React.js for building interactive user interfaces, MongoDB and MySQL for efficient data management, and JavaScript for scripting and programming. Experienced in using Express.js and Fastify to build robust APIs and integrate backend services. Strong understanding of TypeScript to enhance code maintainability and scalability. Strong problem-solving skills, with a focus on delivering scalable and optimized solutions. Eager to apply theoretical knowledge and hands-on experience in a collaborative team environment to drive innovation and achieve project goals.

Projects

Hire HQ (Live US-Based Project) | *TypeScript, Node js, Fastify, MySQL*

December 2024

- * Created a job portal where candidates can apply for jobs and refer others.
- * Integrated query-based pagination for enterprise-specific job listings.
- * Candidates can apply for jobs, and enterprises can manage hiring operations, including shortlisting, interview rounds, and tracking candidate activities.
- * Enterprises can create their own career portals to manage recruitment efficiently.

Farm Hub | *Node.js, React.js, Express, MongoDB*

September 2024

- * Developed a web application for farm management, allowing tractor and farm vehicle owners to track work, rental rates, and farming activities..
- * Implemented multilingual support for Marathi, Hindi, and English.

Accounting Management System | *Node js, Express, MongoDB,*

July 2024

- * Developed an accounting application to streamline financial record-keeping, expense tracking, and revenue management.
- * Implemented features such as invoice generation, transaction categorization, and financial reporting.
